

American Institute of Banking, Toledo Chapter Scrapbooks Inventory

These scrapbooks include newspaper articles about the chapter, as well as photographs and memorabilia concerning chapter activities and events. Some photographs were loose and easily removed from the scrapbooks; these have been transferred to the Photograph Collection and photocopies have been placed in the scrapbooks. Photographs that are still firmly adhered to the page have been left in the scrapbooks. The scrapbooks were sent to the department by an anonymous donor in August 2005.
