

## Darrel Burton Sabin Genealogical Collection Biographical and Contents Notes

This collection was compiled by Darrel Burton Sabin and his aunt, Agnes Hellwig Dipman. Sabin was born in 1929 to Lloyd and Ethel (Hellwig) Sabin. He worked as an industrial contractor for Surface Combustion. He held six patents in furnace design. As a result of his genealogical research, he compiled three books, *Excerpted Passages from the Diaries of Henry May Sabin and Stephen Sabin, Both of Ontario, New York* (1977), *The Descendants of Asaph Wood Sabin* (1988), and *The Dippmann / Dipman Families* (2005).

The collection was donated to Local History in 2014 after Sabin's death on December 27, 2013. It arrived in twelve 3-ring binders and two boxes containing unfiled correspondence, mostly conducted by Agnes Dipman who died April 29, 1990. The first eight folders contain the contents of four binders that Sabin labeled Book 1, etc. Folders 9 through 23 are the remaining binders and have been labeled as the binders were labeled. Folder 24 was in a separate box, while the rest of the collection was loose and unfiled in a large box. The folders of unfiled correspondence by Sabin are labeled DBS while that by Dipman are labeled AHD. Within those two categories, the second party is named and filed alphabetically by last name. Dipman corresponded with many individuals with the last name Helwig / Hellwig; these are interfiled alphabetically by first name. The city and state of residence is also indicated.
