

Spencer Township Historic Project 2013 Scope and Contents Notes

This collection was created by D. Hilarion Smith, a long-time trustee of Spencer Township, to record names and information about the trustees, treasurers, fiscal officers, and clerks of the township. The dates listed in the inventory are dates of birth and death when given in the collection. If no birth or death dates are given, then the date given for office is listed in the inventory. Apparently, the date of office given is the earliest date served; information about some of the individuals indicates that they served multiple years.

Spencer Township Historic Project 2013 Inventory

Box 1

- Folder 1 General Information
