

Toledo Soldiers Memorial Association Collection Scope and Contents Notes

The Toledo Soldiers Memorial Association Collection was donated to the Local History Department at two different times. The contents of the cornerstone and other items were given first, followed by two boxes of records housed in folders and notebooks in 1996. The records were placed in acid-free folders; the labels on the original folders and notebooks were used with the new folders. Patrons are cautioned that some materials in the folders may not match the heading of the folder.

Toledo Soldiers Memorial Association Collection Inventory
